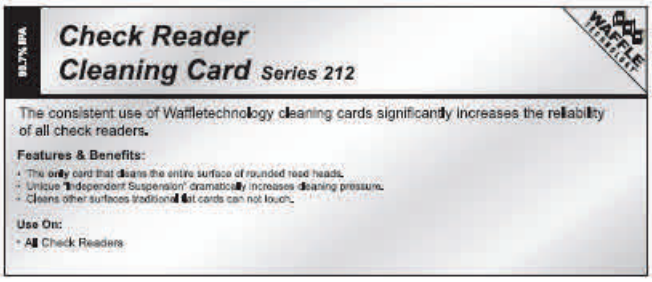
Cleaning to Prevent Errors

Waffletechnology Check Reader Cleaning Card

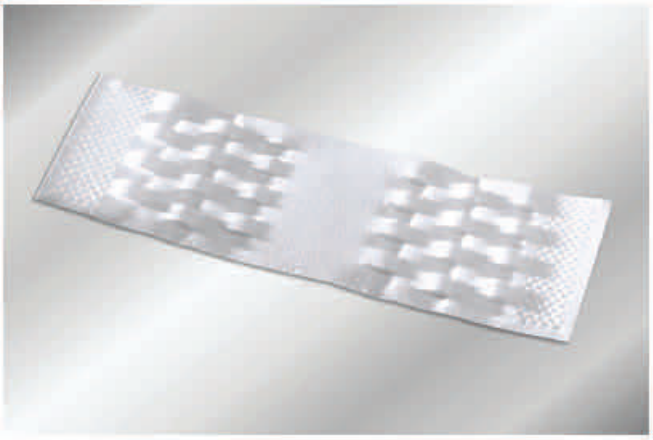
MAVERICK International

This product is designed to thoroughly clean the read heads within check readers. When inserted it will:

- Clean the top, leading and trailing edges of the magnetic head
- Clean the check pathways, transport belts and rollers



Check Reader
Cleaning Card Series 212
The consistent use of Waffletechnology cleaning cards significantly increases the reliability of all check readers.
Features & Benefits:
Use On:
All Check Readers

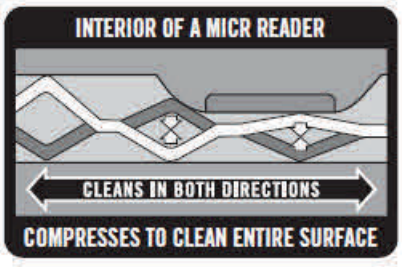


Use as:

- A scheduled maintenance product to prevent check reader failures
- An emergency maintenance product after check reader failures

How Waffletechnology® Works

The cleaning waffles are flexible, raised platforms that allow the card to clean previously unreachable areas within the equipment.



Product Code: KW3-CC3625B15WS

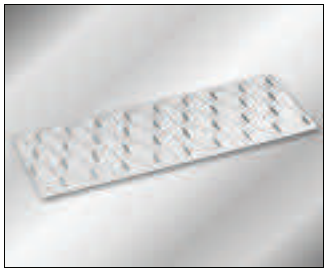
CURRENCY COUNTERS & SUPPLIES

Description	Size/Color/ Additional Info	Qty/Set	ED Product Code	U/M	Image
Currency Counter Semacon S-1125 • For mid to high volume applications • 10 digit keypad for batching along with buttons for commonly used features • Counts 1,000 banknotes per minute • Detects errors including double notes, chain notes, half notes, etc., ensuring the most accurate counts • Size detection capabilities which distinguish larger or smaller banknotes within a bundle for countries where currency size varies with denomination • Dual viewing displays • Select models offer an advanced counterfeit detection system designed to pinpoint suspect counterfeit banknotes featuring ultraviolet (UV) detection for banknote paper properties and (optionally) dual magnetic (MG) detection for banknote ink properties.	SEMACON Count on one.	1/EA	S-1125	EA	
Currency Counter Bank Grade Semacon • For mid to high level volume applications • Counts 600-1500 notes per minute • Includes ultraviolet and magnetic counterfeit detection screening functions • Dust shield for dirt and dust protection • User friendly design • Batch stop setting • 10 button numeric keyboard • Switchable choice of 110 / 220 volt power	SEMACON Count on one.	1/EA	S-1425	EA	
Laurel J-730 Currency Counter • Variable counting speeds of 850/1250/ 1500 note per minute • Dual magnetic head counterfeit detection • Easy to use operator control panel • Large feed rollers and microprocessor control • Can count any currency, provided bills are at lease 50mm in height and 100mm in width and no bigger than 100mm in height and 185mm in width. • Preset function with standard presets and variable batch stops		1/EA	J-730	EA	

CURRENCY COUNTERS & SUPPLIES

Description	Size/Color/ Additional Info	Qty/Set	ED Product Code	U/M	Image
Currency Counter ProCoin 952 • Very fast, single denomination piece counter with height, UV and MG detection • All notes being counted must have the same height as the first note counted. • UV detection checks the banknote paper substrate. • 4 MG heads check for the magnetic properties of the banknote inks or threads. • Utilizes the most modern GRIP and mechA banknote feeder and transport mechanism to ensure a reliable and accurate count	procoin cash handling for professionals	1/EA	PRC 952	EA	
Currency Counter Note Counter Billcon • Counts up to 1,500 notes-per-minute • Magnetic sensing technology for counterfeit detection • Capable of counting currency from anywhere in the world, provided it's between 55 and 97mm in length and between 110 and 192mm in width • Extremely quiet operation • Normal count mode counts # of bills in a stack. • Add mode performs an accumulation of total # of notes counted. • Repeat mode continually counts the same designated batch number of notes. • Batch mode stops counting after a batch has been completed so batch settings can be reset.	BILLCON	1/EA	BILLCON N-131	EA	
Currency Counter Note Counter Billcon • Counts 1500 notes per minute • Handles every type of note...from new and folded, to old and limp • User friendly with large buttons and easy-to-read LED display • Whisper quiet operation • Instant alarm for error detections • Space-saving size and sculpted appearance	BILLCON	1/EA	BILLCON N-133	EA	



Waffletechnology Currency Counter Cleaning Cards

PRODUCT CODE: KW3-CC3625B15WS

Waffletechnology® Currency Counter Cleaning Cards

This cleaning card was designed to clean currency counters over a wide range of manufacturers. The unique waffles clean note recognition lenses and the surfaces around the belts and rollers, removing more debris than other types of products. The card will clean rollers and feed paths and also burnish rollers if held briefly in place prior to releasing into the equipment. Maintaining these critical components on a regular basis will prolong the life of your currency counter.
